P.C.

1. As investigation is complete and charge sheet has been filed and in all probability the trial must have progressed further for this application was filed in February, 2005. Appropriate course to my mind is that as the grounds on which prayer for quashing of chargesheet is made, those contentions can be considered even in an application for discharge. In the circumstances, this application is disposed of with liberty to the petitioner to take out application for discharge before the Trial Court if so advised. The Trial Court will decide the same in accordance with law. This course is adopted as the entire material is placed before the Trial Court and it will not be

necessary to go into the controversy that the relevant material is left out by the applicant and not placed on record in the present petition. The petition is disposed of on the above terms.
